

Sponsor Testimonials

Deb S.

“I would like to share that I absolutely love the experience of sponsoring a person journeying to join the Catholic faith. I have been a part of the RCIA program four times. I sponsored my husband, two friends and one person I did not even know. It made me so proud to walk with another person joining the Catholic faith. The experience really helped me to grow in my own faith and to become closer to God. I would highly recommend taking the opportunity to sponsor someone of you are able and love to share your faith. It is truly such a blessing and an amazing and rewarding experience”

“Having my husband become Catholic was a dream come true for me and our relationship. But going through the process together – sponsor and candidate – was amazing. We learned and experienced a lot with one another on both faith and personal levels. Even years after his baptism, we still share a great spiritual bond that really blossomed through RCIA”
