"Milestone Anniversaries & Newlyweds"

Each year in February St. Edith Parish celebrates those couples in the community who are celebrating Milestone Anniversaries beginning with 20 years of marriage and going up in 5 year increments from there (Once you've hit 50 we celebrate each year as a milestone anniversary!).

A special blessing is imparted at the 11:00 am Mass with a brief reception in the Social Hall following. *But your first year of marriage is also a special time of celebration and a milestone and we invite all of our couples who are in their first year of marriage to this celebration.*

We hope you can come.
