School

- There continue to be many students shadowing for the next school year. More students in all grades are still being enrolled. (Part of this is due to Our Lady Montessori closing its elementary program.) Kindergarten has a wait list and first grade is full.
- There are many technological changes that are happening within the school this summer (I.e. new wiring throughout building) so that the new teacher laptops purchased with funds from the auction can be installed and ready to go for the fall.
