

What Now: How Do You Go on Living, When Your Child Dies?

AN 8-WEEK GATHERING DESIGNED
SPECIFICALLY FOR GRIEVING PARENTS

MONDAYS
SEPTEMBER 28 – NOVEMBER 16
7:00 – 8:30 PM

**MEET IN ST. EDITH
FIRESIDE ROOM**

This will not be a traditional grief group. Participants will help shape the gathering in a way that supports one another, enriches their lives, and honors their sons and daughters. You are welcome to attend quietly, share when ready, or simply be present in a safe and compassionate space.

Mary Eleanor Mitsch is a retired college professor and nurse researcher, but more importantly a bereaved mother. Her 24-year-old daughter, Jessica, was fatally injured by a distracted driver. This experience contributed to her passion as an end-of-life researcher and speaker.
